

Project Initialization and Planning Phase

Date	29 September 2026
Team ID	SWTID-2026-3226
Project Name	FitBuddy – AI Fitness Plan Generator using Gemini Models
Maximum Marks	3 Marks

This problem statement focuses on people who want to improve their fitness with a plan that fits their goals, experience, schedule, and available equipment. Generic routines can be difficult to personalize and adjust as users progress. FitBuddy uses Gemini Models to help generate clear, practical, and adaptable workout plans.

Define Problem Statements (Customer Problem Statement Template):
Focus on the customer's needs, the challenge they face, and how a better solution could help.

Customer Problem Statement — FitBuddy

I am	I'm trying to	But	Because	Which makes me feel
A person who wants to improve my fitness.	Get a workout plan tailored to my goals, experience, schedule, and equipment.	Generic routines may not fit my needs or change as I make progress.	Finding safe, practical guidance and adapting a routine takes time and know-how.	Unsure and less motivated; I want to feel confident and consistent.

Problem Statement	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A person seeking to improve my fitness.	Get a personalized workout plan that matches my goals, current fitness level, available time, and equipment.	Generic plans may be unsuitable or hard to follow, and they may not adapt as my fitness changes.	Creating a safe, realistic routine and knowing how to adjust it can take time and fitness knowledge.	Uncertain or less motivated. I want to feel confident, supported, and consistent in my fitness journey.
